KERALA BAMBOO FEST - 2016

An exquisite exhibition of bamboo products.

Department of Industries & Commerce
Government of Kerala

The annual event Kerala Bamboo Fest is giving an opportunity for artisans in the Bamboo sector from within the country and abroad to display their creative talent and for the support service providers of the sector to showcase the services they offer.

The 13th edition of Kerala Bamboo Fest of the Department of Industries & Commerce, Government of Kerala is scheduled from Dec. 2nd to 6th, 2016 at Marine Drive, Kochi, Kerala. The fest is organised by Kerala State Bamboo Mission and Kerala Bureau of Industrial Promotion.

Since 2004, the fest has been organised at Kochi annually. A study about the fest reveals that it helps to improve the economic growth as well as sector knowledge for artisans. The opportunity to interact with other artisans participating from various parts of the country about the processes and suitable species of bamboo used for indigenous products also helps all of them to modify their products.

The feedback and response from the participants and public has encouraged the State Mission to organise and continuously improve the event every year. To participating in Kerala Bamboo Fest 2016, submit your registration at the earliest in the prescribed format.

Venue: Marine Drive, Kochi (Ernakulam), Kerala.

Programme:

Inauguration: December 2, 2016

Product Exhibition: December 3 - 6, 2016
